

## DWACCN Pneumatic safety edge

## Images:

## Description:

- Subcategory : Sensors and safety

- IND/RES : IND - Full package quantity : 25

- Unit : set (1) - Weight / Unit : 0,01kg

- Weight / Unit
- Material
- Product Family
: 0,01kg
: Silicon
: a 085

- Commercial description : To be used in combination with 1035DW bottom rubber.

- Technical description : When an object is directly under the door when closing, the

deformation of the 1035DW rubber will press air through the DWACCN components and activate the DW-switch, reversing

the operating direction of the door.
