Images:

Description:

- Subcategory	: Sensors and safety
- IND/RES	: BOTH
- Full package quantity	: 1
- Unit	: set (1)
- Weight / Unit	: 0,9kg
- Product Family	: a 070
- Inside diameter	: 12mm
- Marking	: OSE-IR FF
- Commercial description	: IR
- Technical description	: Self-contained photocells, IR. These 'button type' photocells are fixed into the track of the door. When an obstacle is in the way, they'll send a signal to the operator control unit which will stop the movement of the door. Install 50cm above floor level, in door frame. Align properly.
